INV36: Locking in to my Divine Plan

In the name of the I AM THAT I AM, Jesus Christ, I call to the Divine Director, Lord Maitreya, Jesus, Saint Germain and Mother Mary to help me lock in to and implement my Divine plan for this lifetime and the Divine plan I made before coming to earth. Help me make the best use of my time in embodiment and make a contribution to manifesting Saint Germain's Golden Age.

I especially call for:

(Make personal calls)

Part 1

1. Divine Director, I want to know the next phase in the Divine plan I made for this lifetime and what it will take for me to manifest it.

Divine Director, I now see,
the world is unreality,
in my heart I now truly feel,
the Spirit is all that is real.

**Divine Director, send the light,
from blindness clear my inner sight,my vision free, my vision clear,
your guidance is forever here.**

2. Divine Director, I want to know what is the next subconscious self I planned to overcome, so that I can see the illusion that it is based on.

Divine Director, vision give,
in clarity I want to live,
I now behold my plan Divine,
the plan that is uniquely mine.

**Divine Director, send the light,
from blindness clear my inner sight,
my vision free, my vision clear,
your guidance is forever here.**

3. Divine Director, I want to know how to shift my attitude so I can fulfill the next phase in my Divine plan.

Divine Director, show in me,
the ego games, and set me free,
help me escape the ego's cage,
to help bring in the golden age.

**Divine Director, send the light,
from blindness clear my inner sight,
my vision free, my vision clear,
your guidance is forever here.**

4. Divine Director, I want to know what I need to acquire in terms of practical knowledge and skills in order to fulfill the next phase of my Divine plan.

Divine Director, I'm with you,
my vision one, no longer two,
as karma's veil you do disperse,
I see a whole new universe.

**Divine Director, send the light,
from blindness clear my inner sight,
my vision free, my vision clear,
your guidance is forever here.**

5. Divine Director, I want to know any attitude or belief that causes me to sabotage my Divine plan or not believe that I can fulfill it.

Divine Director, I go up,
electric light now fills my cup,
consume in me all shadows old,
bestow on me a vision bold.
**Divine Director, send the light,
from blindness clear my inner sight,
my vision free, my vision clear,
your guidance is forever here.**

6. Divine Director, I want to know if fulfilling my Divine plan requires me to cooperate with other people, and how I can bring this about.

Divine Director, heart of gold,
my sacred labor I unfold,
o blessed Guru, I now see,
where my own plan is taking me.

Divine Director, send the light,
from blindness clear my inner sight,
my vision free, my vision clear,
your guidance is forever here.

7. Divine Director, I want to know what is my potential for bringing about change in society or any other aspect of life, and what changes I need to make in order to bring this about.

Divine Director, by your grace,
in grander scheme I find my place,
my individual flame I see,
uniqueness God has given me.

Divine Director, send the light,
from blindness clear my inner sight,
my vision free, my vision clear,
your guidance is forever here.

8. Divine Director, I want to know what people I need to meet and whether they are karmic relationships or whether they have the potential to be creative relationships.

Divine Director, vision one,
I see that I AM God's own Sun,
with your direction so Divine,
I am now letting my light shine.
Divine Director, send the light,
from blindness clear my inner sight,
my vision free, my vision clear,
your guidance is forever here.

9. Divine Director, I want to know what are my deeper psychological issues that can interfere with my Divine plan.

Divine Director, what a gift,
to be a part of Spirit's lift,
to raise mankind out of the night,
to bask in Spirit's loving sight.

Divine Director, send the light,
from blindness clear my inner sight,
my vision free, my vision clear,
your guidance is forever here.

Part 2

1. Divine Director, help me see that I not only have a Divine plan for this lifetime, I have a Divine plan for my coming to earth. Help me see whether I am an original inhabitant or an avatar.

the world is unreality,
in my heart I now truly feel,
the Spirit is all that is real.

Divine Director, send the light,
from blindness clear my inner sight,

I now behold my plan Divine,
the plan that is uniquely mine.

to help bring in the golden age.

Divine Director, send the light,
from blindness clear my inner sight,
my vision free, my vision clear,
your guidance is forever here.

4. Divine Director, help me begin to lock in to what my I AM Presence wanted to accomplish in terms of changing things on earth. I am willing to become aware of whether I have a desire to change things on earth and see what I need to surrender in order to fulfill my Divine plan.

Divine Director, I'm with you,
my vision one, no longer two,
as karma's veil you do disperse,
I see a whole new universe.

Divine Director, send the light,
from blindness clear my inner sight,
my vision free, my vision clear,
your guidance is forever here.

5. Divine Director, help me begin to lock in to what my I AM Presence has learned from our sojourn on earth, how its view of why we came to earth has changed. I am willing to become aware of what I have learned on earth and what I have no yet learned.

Divine Director, I go up,
electric light now fills my cup,
consume in me all shadows old,
bestow on me a vision bold.

Divine Director, send the light,
from blindness clear my inner sight,
my vision free, my vision clear,
your guidance is forever here.

6. Divine Director, help me begin to lock in to how my I AM Presence has reevaluated the vision that brought us to earth, whether it has seen the limitations of how it viewed earth from a natural planet. I am willing to become aware of how I view life on earth as a being in embodiment and what I need to surrender.

Divine Director, heart of gold,
my sacred labor I unfold,
o blessed Guru, I now see,
where my own plan is taking me.

Divine Director, send the light,
from blindness clear my inner sight,
my vision free, my vision clear,
your guidance is forever here.

7. Divine Director, help me begin to lock in to how my I AM Presence has reevaluated any desires to experience conditions on earth and what desires have become fulfilled or surrendered. I am willing to become aware of what desires for experiences I have that have been fulfilled or that I want to surrender.

Divine Director, by your grace,
in grander scheme I find my place,
my individual flame I see,
uniqueness God has given me.

Divine Director, send the light,
from blindness clear my inner sight,
my vision free, my vision clear,
your guidance is forever here.

8. Divine Director, help me begin to lock in to how my I AM Presence has reevaluated what we can accomplish in terms of changing the earth, what desires to bring forth change have been fulfilled or surrendered. I am willing to become aware of what desires for changing the earth I have that have been fulfilled or that I want to surrender.

Divine Director, vision one,
I see that I AM God's own Sun,

with your direction so Divine,
I am now letting my light shine.

Divine Director, send the light,
from blindness clear my inner sight,
my vision free, my vision clear,
your guidance is forever here.

9. Divine Director, help me begin to lock in to what my I AM Presence has seen about our attitude to earth as an unnatural planet, especially concerning how free will is outplaying itself on earth. I am willing to become aware of my attitude to earth and free will, and what I must surrender in order to fulfill my Divine plan.

Divine Director, what a gift,
to be a part of Spirit's lift,
to raise mankind out of the night,
to bask in Spirit's loving sight.

Divine Director, send the light,
from blindness clear my inner sight,
my vision free, my vision clear,
your guidance is forever here.

Part 3

1. Divine Director, help me begin to lock in to how my I AM Presence looked at the suffering on earth and what it decided regarding this suffering, such as whether it was wrong? I surrender any and all views that suffering is wrong.

Divine Director, I now see,
the world is unreality,
in my heart I now truly feel,
the Spirit is all that is real.

Divine Director, send the light,
from blindness clear my inner sight,
my vision free, my vision clear,
your guidance is forever here.

2. Divine Director, help me begin to lock in to whether my I AM Presence saw suffering as a problem and felt a desire to help solve that problem? I surrender any and all desires to solve the problem of suffering on earth.

Divine Director, vision give,
in clarity I want to live,
I now behold my plan Divine,
the plan that is uniquely mine.

Divine Director, send the light,
from blindness clear my inner sight,
my vision free, my vision clear,
your guidance is forever here.

3. Divine Director, help me begin to lock in to how my I AM Presence defined the problem of suffering and how it saw our potential to help solve the problem? I surrender any and all views of the problem of suffering and my ability to solve it.

Divine Director, show in me,
the ego games, and set me free,
help me escape the ego's cage,
to help bring in the golden age.

Divine Director, send the light,
from blindness clear my inner sight,
my vision free, my vision clear,
your guidance is forever here.

4. Divine Director, help me begin to see if my I AM Presence thought we could do something to solve problems on earth that no one else had been able to do? Help me see whether my Presence has realised why we can't do this and has given up the desire to be special? I surrender any and all desires to be special and do what no one else has been able to do.

Divine Director, I'm with you,
my vision one, no longer two,
as karma's veil you do disperse,
I see a whole new universe.

Divine Director, send the light,
from blindness clear my inner sight,
my vision free, my vision clear,
your guidance is forever here.

5. Divine Director, help me begin to see if my I AM Presence has not fully resolved the enigma of free will, namely that God did not make a mistake by giving us free will because free will WILL work itself out over time. I surrender any and all views that God made a mistake by giving us free will. I accept that free will WILL work itself out over time.

Divine Director, I go up,
electric light now fills my cup,
consume in me all shadows old,
bestow on me a vision bold.

Divine Director, send the light,
from blindness clear my inner sight,
my vision free, my vision clear,
your guidance is forever here.

6. Divine Director, help me begin to see if my I AM Presence thought God or the ascended masters needed our help to remove suffering from earth and bring it back to a natural state. I surrender any and all thought that God or the ascended masters need my help to remove suffering and bring the earth back to a natural state.

Divine Director, heart of gold,
my sacred labor I unfold,
o blessed Guru, I now see,
where my own plan is taking me.

Divine Director, send the light,
from blindness clear my inner sight,
my vision free, my vision clear,
your guidance is forever here.

7. Divine Director, help me begin to see if my I AM Presence has resolved all desires to change anything on earth or whether it still has something decisive it wants to do here? Help me see if I can help my Presence resolve this? I surrender any and all desires to do something decisive on earth.

Divine Director, by your grace,
in grander scheme I find my place,
my individual flame I see,
uniqueness God has given me.

Divine Director, send the light,
from blindness clear my inner sight,
my vision free, my vision clear,
your guidance is forever here.

8. Divine Director, help me accept that my I AM Presence is not an ascended master, precisely because there is something it has not resolved. Help me see if I, as the Conscious You seeing the world from the inside, can help my Presence resolve something?

Divine Director, vision one,
I see that I AM God's own Sun,
with your direction so Divine,
I am now letting my light shine.

Divine Director, send the light,
from blindness clear my inner sight,
my vision free, my vision clear,
your guidance is forever here.

9. Divine Director, help me begin to see if I have selves that are based on unresolved attitudes to life and free will, so that I can become free by tuning in to my I AM Presence, who has resolved these enigmas. Help me see where I can help my Presence and where my Presence can help me.

Divine Director, what a gift,
to be a part of Spirit's lift,
to raise mankind out of the night,
to bask in Spirit's loving sight.

Divine Director, send the light,
from blindness clear my inner sight,
my vision free, my vision clear,
your guidance is forever here.

Part 4

1. Divine Director, help me begin to see if my I AM Presence decided to come to earth not to pursue personal goals or desires, but in order to help others. I surrender any and all desires to help others.

Divine Director, I now see,
the world is unreality,
in my heart I now truly feel,
the Spirit is all that is real.

Divine Director, send the light,
from blindness clear my inner sight,
my vision free, my vision clear,
your guidance is forever here.

2. Divine Director, help me begin to see if this put us in a existential dilemma of wanting to help others and therefore thinking we had to adapt to other people. I surrender any and all thoughts that I have to set aside my own will and adapt to others.

Divine Director, vision give,
in clarity I want to live,
I now behold my plan Divine,
the plan that is uniquely mine.

Divine Director, send the light,
from blindness clear my inner sight,
my vision free, my vision clear,
your guidance is forever here.

3. Divine Director, help me begin to see that the desire to help other people has a self-focused element of wanting to see results, therefore wanting other people to be helped. I surrender any and all desires to want other people to be helped by me.

Divine Director, show in me,
the ego games, and set me free,
help me escape the ego's cage,
to help bring in the golden age.

Divine Director, send the light,
from blindness clear my inner sight,
my vision free, my vision clear,
your guidance is forever here.

4. Divine Director, help me begin to see that this can cause an unrecognised desire to push other people to receive help, leading to a lack of respect for free will. I surrender any and all desires to push other people and all lack of respect for their free will or my own free will.

Divine Director, I'm with you,
my vision one, no longer two,
as karma's veil you do disperse,
I see a whole new universe.

Divine Director, send the light,
from blindness clear my inner sight,
my vision free, my vision clear,
your guidance is forever here.

5. Divine Director, help me begin to see that this prevents us from respecting that free will must be allowed to outplay itself, no matter how much suffering people create for themselves and each other. I respect that free will must be allowed to outplay itself and that people must be allowed to suffer until they are willing to make more aware choices.

Divine Director, I go up,
electric light now fills my cup,
consume in me all shadows old,
bestow on me a vision bold.

Divine Director, send the light,
from blindness clear my inner sight,
my vision free, my vision clear,
your guidance is forever here.

6. Divine Director, help me begin to see that the desire to help others be free from suffering put us in this catch-22 of not being able to feel at peace or enjoy life on earth until other people have made certain choices. I surrender any and all desires to help others be free from suffering.
I choose to feel at peace and enjoy life on earth, independently of the choices of other people.

Divine Director, heart of gold,
my sacred labor I unfold,
o blessed Guru, I now see,
where my own plan is taking me.

Divine Director, send the light,
from blindness clear my inner sight,
my vision free, my vision clear,
your guidance is forever here.

7. Divine Director, help me begin to see that this leads to an unrecognised resentment of other people, even God or the ascended masters. I surrender any and all resentment of other people, God or the ascended masters.

Divine Director, by your grace,
in grander scheme I find my place,
my individual flame I see,
uniqueness God has given me.

Divine Director, send the light,
from blindness clear my inner sight,
my vision free, my vision clear,
your guidance is forever here.

8. Divine Director, help me begin to see that the only way to escape this dilemma is to fully accept other people's right to suffer, and my right to not allow the suffering of other people to affect my peace of mind. I choose to accept that other people have a right to suffer and that I have a right to not allow their suffering to take away my peace of mind.

Divine Director, vision one,
I see that I AM God's own Sun,
with your direction so Divine,
I am now letting my light shine.

Divine Director, send the light,
from blindness clear my inner sight,
my vision free, my vision clear,
your guidance is forever here.

9. Divine Director, help me begin to see that I cannot leave earth behind and my Presence cannot ascend until both my Presence and I have fully accepted the reality that free will WILL always lead to the ascension of our sphere, no matter how long it takes or how much suffering people have to create in order to get there. I fully accept that free will WILL work itself out and that our sphere will ascend. I accept that I will ascend, regardless of the choices of other people.

Divine Director, what a gift,
to be a part of Spirit's lift,
to raise mankind out of the night,
to bask in Spirit's loving sight.

Divine Director, send the light,
from blindness clear my inner sight,
my vision free, my vision clear,
your guidance is forever here.

Sealing

In the name of the Divine Mother, I call to Mother Mary, Archangel Michael and Astrea for the sealing of myself and all people in my circle of influence in the creative flow of the Divine Mother, the River of Life.

I call for the multiplication of my calls by all representatives of the Divine Mother, so that we form the perfect figure-eight flow of "As Above, so below."

Thus, I accept that this is fully manifest, because the mouth of the Lord, the Divine Mother that I AM, has spoken it. Amen.

INV13: Creative Freedom of Will

In the name of the I AM THAT I AM, Jesus Christ, Mother Mary, Master More and Saint Germain, I invoke the Light that Lights every being that comes into the world to awaken me to my original

purpose for descending into the Ma-ter Spheres and to my particular Divine plan for this lifetime. I especially ask for Divine Direction in:

[Briefly describe the inner or outer circumstances concerning which you desire direction.]

God is Father, God is Mother,
never one without the other.

Your balanced union is our source,
your Love will keep us on our course.
You offer us abundant life,
to free us from all sense of strife.
We plunge ourselves into the stream,
awakening from this bad dream.

We see that life is truly one,
and thus our victory is won.
We have returned unto our God,
on the path the saints have trod.
We form God's body on the Earth,
and give our planet its rebirth,
into a Golden Age of Love,
with ample blessings from Above.

We set all people free to see
that oneness is reality,
and in that oneness we will be
whole for all eternity.
And now the Earth is truly healed,
all life in God's perfection sealed.

God is Father, God is Mother,
we see God in each other.

1. Whatever god you worship, you are worshipping a false god. Acknowledging this is the beginning of a true relationship with God.

God is Father, God is Mother,
we see one within the other.
Buddha space, Mother time,
tis the secret so sublime.

Christ the Son, sees the All,
sees the Allness in the small.
Holy Spirit, sacred flow,
urging life to ever grow.

2. Only that which is external to the self can be worshipped, for worship implies distance between the self and the object of worship.

God is Father, God is Mother,
we see one within the other.
Buddha space, Mother time,
tis the secret so sublime.

Christ the Son, sees the All,
sees the Allness in the small.
Holy Spirit, sacred flow,
urging life to ever grow.

3. Better to worship no god than to worship – or seek – an external god that is nothing but a graven image.

God is Father, God is Mother,
we see one within the other.
Buddha space, Mother time,
tis the secret so sublime.

Christ the Son, sees the All,
sees the Allness in the small.
Holy Spirit, sacred flow,
urging life to ever grow.

4. The One true God is the Infinite. That which is infinite is everywhere present—or it would not be infinite.

God is Father, God is Mother,
we see one within the other.
Buddha space, Mother time,
tis the secret so sublime.

Christ the Son, sees the All,
sees the Allness in the small.
Holy Spirit, sacred flow,
urging life to ever grow.

5. How can one find a place where the Infinite is not? Thus, the sense of being separated from the Infinite can only be an illusion that exists in the mind.

God is Father, God is Mother,
we see one within the other.
Buddha space, Mother time,
tis the secret so sublime.

Christ the Son, sees the All,
sees the Allness in the small.
Holy Spirit, sacred flow,
urging life to ever grow.

6. This illusion springs from the separate self, which is itself an illusion that the conscious self has chosen to take on—as a pair of colored glasses.

God is Father, God is Mother,
we see one within the other.
Buddha space, Mother time,
tis the secret so sublime.

Christ the Son, sees the All,
sees the Allness in the small.
Holy Spirit, sacred flow,
urging life to ever grow.

7. The Infinite has expressed itself as self-aware extensions of itself. Thus, the conscious self is more than the separate self and can never truly be separated from the Infinite out of which it sprang.

God is Father, God is Mother,
we see one within the other.
Buddha space, Mother time,
tis the secret so sublime.

Christ the Son, sees the All,
sees the Allness in the small.
Holy Spirit, sacred flow,
urging life to ever grow.

8. The separate self forms a filter that colors how the conscious self sees everything. Separation creates the graven image of an external god that must be worshipped in order to secure salvation for the separate self.

God is Father, God is Mother,
we see one within the other.
Buddha space, Mother time,
tis the secret so sublime.

Christ the Son, sees the All,
sees the Allness in the small.
Holy Spirit, sacred flow,
urging life to ever grow.

9. Walking the spiritual path is a process whereby the conscious self comes to see that true salvation means overcoming the illusion of separation between the self and the Infinite. True salvation is the Path of Oneness, whereby the self comes to accept itself as an extension of the Infinite.

God is Father, God is Mother,
we see one within the other.
Buddha space, Mother time,
tis the secret so sublime.

Christ the Son, sees the All,
sees the Allness in the small.
Holy Spirit, sacred flow,
urging life to ever grow.

1. Throat, Solar plexus

Hail Mary, we give praise
the Mother Light in all you raise.
In perfect balance light will stream,
in harmony our souls will gleam.

Oh Mother Mary, we release
all thoughts and feelings less than peace,
releasing now all patterns old,
we leave behind the mortal mold.

River of Life, eternal flow,
we will to live, we will to grow.
We will transcend and be the more,
the joy of life we do adore.

All troubles in the heart now cease,
as Mary's love brings great release.

The rose of twelve in fullest bloom,
the soul is free to meet her groom.

Oh Mother Mary, we release
all thoughts and feelings less than peace,
releasing now all patterns old,
we leave behind the mortal mold.

River of Life, eternal flow,
we will to live, we will to grow.
We will transcend and be the more,
the joy of life we do adore.

The throat is shining oh so blue,
the will of God is always true.
God's power is released in love
through Christ direction from Above.

Oh Mother Mary, we release
all thoughts and feelings less than peace,
releasing now all patterns old,
we leave behind the mortal mold.

River of Life, eternal flow,
we will to live, we will to grow.
We will transcend and be the more,
the joy of life we do adore.

The solar center is at peace,
as fear and anger we release.
The sacred ten will now unfold
a glow of purple and of gold.

Oh Mother Mary, we release
all thoughts and feelings less than peace,
releasing now all patterns old,
we leave behind the mortal mold.

River of Life, eternal flow,
we will to live, we will to grow.
We will transcend and be the more,
the joy of life we do adore.

When Mother Light and Buddha meet,
the force of darkness they defeat,
with Jesus and our saint Germain.
they bring the Golden Age again.

Oh Mother Mary, we release
all thoughts and feelings less than peace,
releasing now all patterns old,
we leave behind the mortal mold.

River of Life, eternal flow,
we will to live, we will to grow.
We will transcend and be the more,
the joy of life we do adore.

I feel the Mother's gentle kiss,
as I am in eternal bliss,
floating in a space sublime,
in harmony with sacred chime.

Oh Mother Mary, we release
all thoughts and feelings less than peace,
releasing now all patterns old,
we leave behind the mortal mold.

River of Life, eternal flow,
we will to live, we will to grow.
We will transcend and be the more,
the joy of life we do adore.

Coda:

By Mother Mary's endless Grace,
we conquer time, we conquer space.
The Buddha Nature is in all
and thus we rise to heed the call
to be the Christed ones on Earth,
the Golden Age is given birth.

1. When the conscious self begins to overcome the illusion of separation, it can begin to question the further illusion that there is an external god seeking to force its will upon the self.

God is Father, God is Mother,
we see one within the other.
Buddha space, Mother time,
tis the secret so sublime.

Christ the Son, sees the All,
sees the Allness in the small.
Holy Spirit, sacred flow,
urging life to ever grow.

2. The conscious self begins to see that any external force seeking to force its will upon the self cannot be the Infinite.

God is Father, God is Mother,
we see one within the other.
Buddha space, Mother time,
tis the secret so sublime.

Christ the Son, sees the All,
sees the Allness in the small.
Holy Spirit, sacred flow,
urging life to ever grow.

3. The Infinite – being all there is and thus completely self-sufficient – has no need to force an external will upon any extension of itself. The Infinite is not external to any part of creation but is present within everything.

God is Father, God is Mother,
we see one within the other.
Buddha space, Mother time,
tis the secret so sublime.

Christ the Son, sees the All,
sees the Allness in the small.
Holy Spirit, sacred flow,
urging life to ever grow.

4. Only a being trapped in the illusion of separation has the need to force its will upon others. For only such a being can believe it needs something from outside itself—instead of finding wholeness in the kingdom within.

God is Father, God is Mother,
we see one within the other.
Buddha space, Mother time,
tis the secret so sublime.

Christ the Son, sees the All,
sees the Allness in the small.
Holy Spirit, sacred flow,
urging life to ever grow.

5. The first step toward oneness is when the conscious self begins to grasp the truth that it must free itself from any external force. For this is the only way to make truly free choices.

God is Father, God is Mother,
we see one within the other.
Buddha space, Mother time,
tis the secret so sublime.

Christ the Son, sees the All,
sees the Allness in the small.
Holy Spirit, sacred flow,
urging life to ever grow.

6. The Infinite has expressed itself as the conscious self and because the conscious self is an extension of itself, the Infinite wants only what is best for the conscious self—namely the abundant life.

God is Father, God is Mother,
we see one within the other.
Buddha space, Mother time,
tis the secret so sublime.

Christ the Son, sees the All,
sees the Allness in the small.
Holy Spirit, sacred flow,
urging life to ever grow.

7. What is best for the conscious self is to return to oneness with the Infinite, thus inheriting the abundant life that it is the good pleasure of the Infinite to give to all extensions of itself.

God is Father, God is Mother,
we see one within the other.
Buddha space, Mother time,
tis the secret so sublime.

Christ the Son, sees the All,
sees the Allness in the small.
Holy Spirit, sacred flow,
urging life to ever grow.

8. The Infinite wants the conscious self to return to oneness, but as separation was the result of a free-will choice, oneness must be the result of a free choice. The spiritual path is a process of the conscious self freeing itself from any external force,

so that it can make completely free choices.

God is Father, God is Mother,
we see one within the other.
Buddha space, Mother time,
tis the secret so sublime.

Christ the Son, sees the All,
sees the Allness in the small.
Holy Spirit, sacred flow,
urging life to ever grow.

9. The beginning of freedom is the realization by the conscious self that it must shake off any external will seeking to force its decisions. It must return to its own internal will in order to make the free choice to come into oneness with its infinite source and inherit the abundant life.

God is Father, God is Mother,
we see one within the other.
Buddha space, Mother time,
tis the secret so sublime.

Christ the Son, sees the All,
sees the Allness in the small.
Holy Spirit, sacred flow,
urging life to ever grow.

2. Third Eye, Soul

Hail Mary, we give praise
the Mother Light in all you raise.
In perfect balance light will stream,
in harmony our souls will gleam.

Oh Mother Mary, we release
all thoughts and feelings less than peace,
releasing now all patterns old,
we leave behind the mortal mold.

River of Life, eternal flow,
we will to live, we will to grow.
We will transcend and be the more,
the joy of life we do adore.

All troubles in the heart now cease,
as Mary's love brings great release.
The rose of twelve in fullest bloom,
the soul is free to meet her groom.

Oh Mother Mary, we release
all thoughts and feelings less than peace,
releasing now all patterns old,
we leave behind the mortal mold.

River of Life, eternal flow,
we will to live, we will to grow.
We will transcend and be the more,
the joy of life we do adore.

The brow emits an emerald hue,
Christ's perfect vision we pursue,
and as we see God's perfect plan,
we feel God's love for every man.

Oh Mother Mary, we release
all thoughts and feelings less than peace,
releasing now all patterns old,
we leave behind the mortal mold.

River of Life, eternal flow,
we will to live, we will to grow.
We will transcend and be the more,
the joy of life we do adore.

The soul is basking in delight,
as violet flame is shining bright.
The soul is breathing God's pure air,
she feels so free in Mother's care.

Oh Mother Mary, we release
all thoughts and feelings less than peace,
releasing now all patterns old,
we leave behind the mortal mold.

River of Life, eternal flow,
we will to live, we will to grow.
We will transcend and be the more,
the joy of life we do adore.

When Mother Light and Buddha meet,
the force of darkness they defeat,

with Jesus and our saint Germain.
they bring the Golden Age again.

Oh Mother Mary, we release
all thoughts and feelings less than peace,
releasing now all patterns old,
we leave behind the mortal mold.

River of Life, eternal flow,
we will to live, we will to grow.
We will transcend and be the more,
the joy of life we do adore.

I feel the Mother's gentle kiss,
as I am in eternal bliss,
floating in a space sublime,
in harmony with sacred chime.

Oh Mother Mary, we release
all thoughts and feelings less than peace,
releasing now all patterns old,
we leave behind the mortal mold.

River of Life, eternal flow,
we will to live, we will to grow.
We will transcend and be the more,
the joy of life we do adore.

Coda:

By Mother Mary's endless Grace,
we conquer time, we conquer space.
The Buddha Nature is in all
and thus we rise to heed the call
to be the Christed ones on Earth,
the Golden Age is given birth.

1. I now look upon this planetary home and its long history of conflict. I see that all this is vanity and I cry out to the Infinite for a higher way. I see that there must be more to life than this ongoing struggle.

To take back freedom of my will,
I find the point within so still.
The Infinite is in my heart,
from here my choices always start.

I see now with the single eye,
that "I am God and God is I."
Unfolding like a sacred flower,
I find within my higher power.

2. I now look upon my own life and my personal history of struggling against outer circumstances. I see that even what has caused me pleasure and pride has only bound me to a treadmill of seeking more in this finite world.

To take back freedom of my will,
I find the point within so still.
The Infinite is in my heart,
from here my choices always start.

I see now with the single eye,
that "I am God and God is I."
Unfolding like a sacred flower,
I find within my higher power.

3. I begin to see that my whole life – possibly for many lifetimes – has been swallowed up by an impossible quest of seeking something through the filter of my finite self. I have sought wholeness outside myself instead of finding the kingdom within me.

To take back freedom of my will,
I find the point within so still.
The Infinite is in my heart,
from here my choices always start.

I see now with the single eye,
that "I am God and God is I."
Unfolding like a sacred flower,
I find within my higher power.

4. I see that my finite self is driven by the fear that springs from knowing that it is separated from the Infinite and thus can never come into oneness with the Infinite, can never be saved.

To take back freedom of my will,
I find the point within so still.
The Infinite is in my heart,
from here my choices always start.

I see now with the single eye,
that "I am God and God is I."
Unfolding like a sacred flower,
I find within my higher power.

5. I see that my finite self is on an impossible quest of seeking to compensate for this by seeking wholeness through the things of the Ma-ter world.

To take back freedom of my will,
I find the point within so still.
The Infinite is in my heart,
from here my choices always start.

I see now with the single eye,
that "I am God and God is I."
Unfolding like a sacred flower,
I find within my higher power.

6. I now see that because my conscious self is an extension of the Infinite, I can never be completely fulfilled by anything in this finite world. I will always long for something beyond this finite world, namely oneness with my infinite source.

To take back freedom of my will,
I find the point within so still.
The Infinite is in my heart,
from here my choices always start.

I see now with the single eye,
that "I am God and God is I."
Unfolding like a sacred flower,
I find within my higher power.

7. I see and acknowledge that I have had enough of this impossible quest of the finite self. I desire to be MORE, I desire to experience more to life than what the finite world can offer.

To take back freedom of my will,
I find the point within so still.
The Infinite is in my heart,
from here my choices always start.

I see now with the single eye,
that "I am God and God is I."
Unfolding like a sacred flower,
I find within my higher power.

8. I now see that instead of crying out to an external god to give me what I need or save me, the true path to being MORE is to find the Infinite part of my own self. I see that the kingdom of the Infinite is within me.

To take back freedom of my will,
I find the point within so still.
The Infinite is in my heart,
from here my choices always start.

I see now with the single eye,
that "I am God and God is I."
Unfolding like a sacred flower,
I find within my higher power.

9. I now cry out to my Infinite self, my I AM Presence, to rend the veil between my conscious mind and my conscious self, so that I may experience myself as that conscious self and as an extension of the Infinite.

To take back freedom of my will,
I find the point within so still.
The Infinite is in my heart,
from here my choices always start.

I see now with the single eye,
that "I am God and God is I."
Unfolding like a sacred flower,
I find within my higher power.

3. Crown, Base

Hail Mary, we give praise
the Mother Light in all you raise.
In perfect balance light will stream,
in harmony our souls will gleam.

Oh Mother Mary, we release
all thoughts and feelings less than peace,
releasing now all patterns old,
we leave behind the mortal mold.

River of Life, eternal flow,
we will to live, we will to grow.
We will transcend and be the more,
the joy of life we do adore.

All troubles in the heart now cease,
as Mary's love brings great release.
The rose of twelve in fullest bloom,

Oh Mother Mary, we release
all thoughts and feelings less than

peace,
releasing now all patterns old,
we leave behind the mortal mold.

River of Life, eternal flow,
we will to live, we will to grow.
We will transcend and be the more,
the joy of life we do adore.

The crown is like a sea of gold,
as thousand petals now unfold.
We see the Buddha in the crown,
arrayed in his celestial gown.

Oh Mother Mary, we release
all thoughts and feelings less than peace,
releasing now all patterns old,
we leave behind the mortal mold.

River of Life, eternal flow,
we will to live, we will to grow.
We will transcend and be the more,
the joy of life we do adore.

The base is of the purest white,
four petals radiate your light.
The Mother bows in purest love
to God the Father from Above.

Oh Mother Mary, we release
all thoughts and feelings less than peace,
releasing now all patterns old,
we leave behind the mortal mold.

River of Life, eternal flow,
we will to live, we will to grow.
We will transcend and be the more,
the joy of life we do adore.

When Mother Light and Buddha meet,
the force of darkness they defeat,
with Jesus and our saint Germain.
they bring the Golden Age again.

Oh Mother Mary, we release
all thoughts and feelings less than peace,
releasing now all patterns old,
we leave behind the mortal mold.

River of Life, eternal flow,
we will to live, we will to grow.
We will transcend and be the more,
the joy of life we do adore.

I feel the Mother's gentle kiss,
as I am in eternal bliss,
floating in a space sublime,
in harmony with sacred chime.

Oh Mother Mary, we release
all thoughts and feelings less than peace,
releasing now all patterns old,
we leave behind the mortal mold.

River of Life, eternal flow,
we will to live, we will to grow.
We will transcend and be the more,
the joy of life we do adore.

Coda:

By Mother Mary's endless Grace,
we conquer time, we conquer space.
The Buddha Nature is in all
and thus we rise to heed the call
to be the Christed ones on Earth,
the Golden Age is given birth.

1. I now see that so far most of my choices have not been free, for they have been made through the filter of my separate self. I have allowed the forces of this world to pull me away from oneness with my own higher being.

To take back freedom of my will,
I find the point within so still.
The Infinite is in my heart,
from here my choices always start.

I see now with the single eye,
that "I am God and God is I."
Unfolding like a sacred flower,
I find within my higher power.

2. I see that in order to attain freedom from the finite treadmill of making

unenlightened choices, I must consciously – as the conscious self that I AM – take back the power of my will from all external forces.

To take back freedom of my will,
I find the point within so still.
The Infinite is in my heart,
from here my choices always start.

I see now with the single eye,
that "I am God and God is I."
Unfolding like a sacred flower,
I find within my higher power.

3. I can do this ONLY by going within and seeking attunement with my own infinite will, the will that is beyond anything in this world, including my finite self.

To take back freedom of my will,
I find the point within so still.
The Infinite is in my heart,
from here my choices always start.
I see now with the single eye,
that "I am God and God is I."
Unfolding like a sacred flower,
I find within my higher power.

4. This is the will that is the very source of my desire to co-create. Thus, I call to my Infinite self to help me rend the veil and consciously experience the point when my Being said: "I will to co-create!"

To take back freedom of my will,
I find the point within so still.
The Infinite is in my heart,
from here my choices always start.

I see now with the single eye,
that "I am God and God is I."
Unfolding like a sacred flower,
I find within my higher power.

5. I see that my Infinite will resides in my Infinite Self, my I AM Presence. This is the will that I used when I made the choice to descend into the Ma-ter spheres for the first time. I also used this will to – consciously and willingly – formulate my divine plan for this lifetime.

To take back freedom of my will,
I find the point within so still.
The Infinite is in my heart,
from here my choices always start.

I see now with the single eye,
that "I am God and God is I."
Unfolding like a sacred flower,
I find within my higher power.

6. I now see myself as the conscious self that is a self-aware extension of the Infinite. In that true self-awareness, I make the conscious, free decision that I am willing to reconnect to the true will of my own Infinite Being—for I see this is my own will and not the will of an external god.

To take back freedom of my will,
I find the point within so still.
The Infinite is in my heart,
from here my choices always start.

I see now with the single eye,
that "I am God and God is I."
Unfolding like a sacred flower,
I find within my higher power.

7. I am willing to fulfill my reason for descending into the Ma-ter spheres. I am willing to be here below all that I AM above.

To take back freedom of my will,
I find the point within so still.
The Infinite is in my heart,
from here my choices always start.

I see now with the single eye,
that "I am God and God is I."
Unfolding like a sacred flower,
I find within my higher power.

8. I am willing to reconnect to my vow to help Saint Germain manifest his Golden Age on this planet.
I am willing to bring the light of my God Flame into Ma-terialization.

To take back freedom of my will,
I find the point within so still.

The Infinite is in my heart,
from here my choices always start.

I see now with the single eye,
that "I am God and God is I."
Unfolding like a sacred flower,
I find within my higher power.

9. I am willing to be the open door through which the Light of my Infinite Being can shine into the Ma-ter realm of Earth and Ma-terialize Saint Germain's Golden Age on this planet—NOW!

To take back freedom of my will,
I find the point within so still.
The Infinite is in my heart,
from here my choices always start.

I see now with the single eye,
that "I am God and God is I."
Unfolding like a sacred flower,
I find within my higher power.

By Mother Mary's endless Grace,

The Buddha Nature is in all
and thus we rise to heed the call
to be the Christed ones on Earth,
the Golden Age is given birth.

I AM the light which lights every being that comes into the world, and I demand that all people have the opportunity to make a truly free choice to be part of Saint Germain's Golden Age or to reject the abundant life in full knowledge of what they are doing.

I AM the light which lights every being that comes into the world, and I demand that those who reject the abundant life are removed from this planet so they can pursue the path of separation without dragging humanity and the Earth down with them.

I AM the light which lights every being that comes into the world, and I AM the Materialization of Saint Germain's great Golden Age on Earth, NOW and in the eternal NOW.

Sealing

I AM the light which lights every being that comes into the world, and I am sealed from the anti-will of my own separate self, from the anti-will of the separate selves of other people and from the anti-will of the prince of this world.

For I seek always the eternal stillness, the point of the Infinite within me. As my eye is single in knowing "I am God and God is I," the prince of this world comes and has nothing in me.

I am sealed in my conscious acceptance of my oneness with my own Infinite Being and with all beings who are one with the Infinite. Thus, I am sealed in the great flow of the River of Life that IS Jesus Christ, Master MORE, Mother Mary and Saint Germain. In oneness I AM MORE—forever more.

I have a right to let my light so shine before men that they may see my good works, and thus either accept or reject their own potential, expressed in the ancient truth that what one has done, all can do.

Second Ray – Wisdom

I now consciously acknowledge and accept that in order to manifest my Christhood and be free of my past, I need to have complete respect for the free will of others, and complete respect for my own free will.

I acknowledge that whereas I have a right to project any mental images upon the Ma-ter light, projecting images and energy into the minds of other people will violate their free will. I hereby vow to never direct any psychic projections at others, and I vow to never accept any psychic projections into my inner sanctuary.

I vow to completely focus on exposing and transcending the beam in my own eye, so the prince of this world has nothing in me.

1. Mighty I AM Presence, I have had enough of the projections from those who are trapped in the epic mindset and think they can define what is absolute truth.

2. Mighty I AM Presence, I have had enough of the projections from those who define a standard that no one can live up to, and then use it to judge others and not themselves.

Beloved Lanto, show me the second-ray perversions in my being. Mighty I AM Presence, I AM one with your unconditional wisdom.

Beloved Jesus, let the WORD of Christ judge all beings who attack me. Beloved Akshobya, be the mirror that returns all projections to their source.

OM AKSHOBYA HUM (3X or 9X)

3. Mighty I AM Presence, I have had enough of the projections from those who have a double standard and accuse others of doing what they themselves are doing.

Archangel Jophiel, protect me from all projections of anti-wisdom. Elohim Apollo, clear my crown chakra from all serpentine lies.

Third Ray – Love

In order to win my own spiritual freedom, I vow to become psychically non-violent, so that I take full responsibility for my own reaction to any situation. I see that when I do not react with any conditional feelings, meaning any feeling less than the perfect

love that casts out fear, I will not produce psychic energy.

When I do not accumulate psychic energy, I will have no need to send any psychic projections at other people. When I am in control of my own reaction, I will be in control of my free will, and thus I have no need to control the free will of others. And when my aura and chakras are free from all energies below the level of unconditionality, I will not have any openings for psychic projections or energies to enter my own being.

I can be free within myself, and thus I can set all others free to be who they are and grow from there.

I now acknowledge that as I express my Christhood, there will be those who do not want to change, do not want to take responsibility for themselves. They will feel threatened by me, and thus they will seek to project all manner of psychic energy and thoughts at me, in order to get me to conform to their mental boxes.

The Mother Light in all is raised

1. Hail Mary, we give praise
the Mother Light in all you raise.
In perfect balance light will stream,
in harmony our souls will gleam.

Oh Mother Mary, we release
all thoughts and feelings less than peace,
releasing now all patterns old,
we leave behind the mortal mold.

River of Life, eternal flow,
we will to live, we will to grow.
We will transcend and be the more,
the joy of life we do adore.

2. The base is of the purest white,
four petals radiate your light.
The Mother bows in purest love
to God the Father from Above.

Oh Mother Mary, we release
all thoughts and feelings less than peace,

we leave behind the mortal mold.

River of Life, eternal flow,

5. All troubles in the heart now cease,
as Mary's love brings great release.
The rose of twelve in fullest bloom,
the soul is free to meet her groom.

the force of darkness they defeat,
with Jesus and our Saint Germain.
they bring the Golden Age again.

SIDHI (9X or 33X)

I AM the Lord's and the fullness of his Peace. (3X) Amen.

In the name of the unconditional love of the Father, the Son, the Holy Spirit and the Miracle Mother, Amen.

Sealing

In the name of Alpha and Omega,
I accept the perfect vision of my service to life, given to me by my Higher Self.

I surrender all desires, wants and expectations of the separate self and plunge myself into the River of Life.

I allow the Holy Spirit to move me to where I can flow with the River of Life and effortlessly fulfill my Divine plan.

I accept the single-eyed vision of Christ that exposes the beams in my own eye, so that I can see and consciously surrender all psychic energies or illusions in my being.

I stand naked before Christ, as I seek to hide nothing from the all-seeing eye of God.

I consciously surrender the ego's illusion that what is hidden from men is also hidden from God.

I hold on to nothing, and I am willing to see and surrender any and all psychic illusions.

In this unconditional surrender, I see that nothing in this world has power over my Spirit, and thus I accept no psychic projections as permanent or even ultimately real.

Thus, I become transparent to the psychic projections of this world. My eye is single, and thus the prince of this world has nothing in me. As I surrender all psychic energies and illusions in my being, I know that the immaculate concept for my four lower bodies is effortlessly manifest, and I accept that I am sealed in the perfect vision of God.

I know that that which is unreal cannot affect that which is real. I accept that I AM real and that only the immaculate concept for my life is real. I accept that God created me and saw that "It was good."
In the purity of this vision I remain sealed forevermore, as I AM MORE.

INV15: Oneness with My I AM Presence

In the name of the Cosmic Christ, Lord Maitreya, in the name of Gautama Buddha and Jesus Christ, I call to the Divine Father, Alpha, and the Divine Mother, Omega, and I dedicate this invocation to the restoration of my connection to my I AM Presence, giving me a foundation for overcoming all sense of separation, until I can say with Jesus: “I and my Father are one!”

(Briefly describe the specific condition(s) you want to overcome.)

God is Alpha and Omega

God is Father, God is Mother,
through the Son, one with each other.

Oh separation is the lie,
the ego is the unseen tie.
Conditions are the subtle tools
to trap the unsuspecting fools.
All ownership a prison wall,
and thus we rise to heed the call.

Transcendence is the Master Key,
becoming MORE is liberty.
Surrender is abundant life,
surrender overcomes all strife.
We plunge ourselves into the stream,
fulfilling Heaven’s highest dream.

Christ vision keeps us on our course,
remembering our common Source.
In balance we will always grow,
remaining in the Sacred Flow.

We see the ONE beyond all form,
as oneness is the only norm.
Residing in the Sacred Space,
enveloped in Eternal Grace.

God is Father, God is Mother,
we see God in each other.

NOTE: Give this decree as many times as you like before continuing the invocation.

I AM the ONE

I AM the ONE, I AM Alpha and Omega, the beginning and the ending. I will give unto them that are athirst of the fountain of the water of life freely.

I AM the ONE, becoming many forms that are destined to return to the One in the cosmic dance between the Divine Lover and the Beloved.

I AM the One, manifest as the trinity of Alpha and Omega, held in perfect creative tension by the only begotten Son, the Logos of the Christ mind.

I AM the ONE, the creative fount, expressed as the eternal flow of becoming that forms the River of Life, enfolding all that IS in the wings of the Holy Spirit.

I AM the ONE, expressing myself as self-aware beings with the opportunity to become all that I AM through the process of consciously choosing to be MORE.

I AM the ONE, the self that encompasses all life, and as the self-aware extensions of myself become MORE, I become MORE.

I AM the ONE, and every being that came from my Being can become all that I AM, by transcending the sense of self in the cosmic dance, whereby the Beloved becomes the Divine Lover, loving all life.
I AM the ONE, the Alpha and Omega, the beginning and the ending, which is, and which was, and which is to come, the Almighty.

And I WILL BE WHO I WILL BE, for although I am the ONE, I am forever the MORE.

OM MANI PADME HUM
(9, 33 or 144 times)

I AM in the Alpha Peace of my I AM THAT I AM Presence.
I am in the Omega Bliss of my I WILL BE WHO I WILL BE Presence.
(3, 9, 33 or 144 times)

Sealing

In the name of Alpha and Omega, I accept that I am centered in the unconditional peace of my I AM THAT I AM Presence. I accept that I am always transcending myself in the bliss of my I WILL BE WHO I WILL BE Presence. Thus, I am flowing with the creative expression of the River of Life, expressed through my Presence.

I surrender all desires, wants and expectations of the separate self and the judgments of the fallen beings. I plunge myself into the River of Life, and I allow the Holy Spirit to move me to where I can effortlessly fulfill my Divine plan.

I accept the single-eyed vision of Christ that exposes the beams in my own eye, so that I can see and consciously surrender all dualistic perceptions.

I stand naked before my Presence, as I seek to hide nothing from the all-seeing eye of God. I consciously surrender the ego's illusion that what is hidden from men is also hidden from God. I hold on to nothing, and I am willing to see and surrender any and all illusions.
In this unconditional surrender, I see that nothing in this world has power over my Spirit, and thus I accept no imperfect conditions as permanent or even ultimately real.

Thus, I become transparent to the illusions and the energies of this world. My eye is single, and thus the prince of this world comes and has nothing in me. As I surrender all impurities in my being, I know that the immaculate concept for my four lower bodies is effortlessly manifest, and I accept that I am sealed in the perfect vision of God.

I know that that which is unreal cannot affect that which is real. I accept that I AM real and that the only reality in my life is the vision of my Presence. I accept that God created me and saw that "It was good." In the purity of this vision, I remain sealed forevermore, as I WILL BE MORE.

5.12: Mother Mary's Deep Healing Decree

In the name of the I AM THAT I AM, Jesus Christ, I call to Mother Mary and Archangel Raphael, Elohim Cyclopea and Virginia, Hilarion and all healing masters and angels to envelop and fill my four lower bodies with your all-penetrating, all-accelerating healing flame, that restores everything to the immaculate wholeness for my lifestream, making my four lower bodies the ideal instrument for the fulfillment of my Divine plan in this lifetime and for my ascension.

I especially call for:

(Make personal calls)

1. O Mother Mary, body mine,
is truly, fully, wholly thine,
my body elemental free,
as every illness healed by thee.

O Mother Mary, you are real,
and therefore every wound you heal,
in Mother's Garden I feel free,
from all that used to burden me.

2. O Mother Mary, feelings mine,
are truly, fully, wholly thine,
my feeling body filled with grace,
all traumas it does now erase.

O Mother Mary, I let go,
of all that pulls me from below,
your Healing Flame is such a Grace,
all my mistakes it does erase.

3. O Mother Mary, thinking mine,
is truly, fully, wholly thine,
my mental body crystal clear,
as Mother's Presence is now here.

O Mother Mary, so sublime,
uplifting me beyond all time,
whatever was still in my past,
I feel that it has truly passed.

4. O Mother Mary, I am free,
reborn to new identity,
in pure awareness I am whole,
as I let go of worldly soul.

O Mother Mary, from beyond,
to earth I need no more respond,
in Mother's Garden I am free,
as in our oneness I will be.

5. O Mother Mary, I feel free,
surrender is the master key,
all selves I simply can let go,
as healing grace you do bestow.

O Mother Mary, I'm with you,
my mind is one, no longer two,
divisions have no hold in me,
my aura is all filled with thee.

6. O Mother Mary, sacred tone,
from all past errors does atone,
I hear the sound of Mother's Bell,
that sets me free from death and hell.

O Mother Mary, I will flow,
as I now have the will to grow,
in life's own river I transcend,
as ego I no more defend.

7. O Mother Mary, in your Grace,
you set me free from every trace,
of fallen beings and their lies,
you raise my gaze to lofty skies.

O Mother Mary, all is healed,
as Mother's Vision is revealed,
with single eye I do now see,
that oneness is reality.

8. O Mother Mary, show to me,
the selves that keep me far from thee,
I now surrender dual lie,
and I am free from worldly tie.

O Mother Mary, I now see,
the world is unreality,
yet in my core I also feel,
the conscious me is truly real.

9. O Mother Mary, what a sound,
that emanates from Holy Ground,
my heart in sync with Mother's heart,
as nothing will keep us apart.

O Mother Mary, I now see,
that Presence mine is truly me,
and in that oneness I will be,
whole for all eternity.

10. O Mother Mary, by your Grace,
in hierarchy I find my place,
as I decide to co-create,
all matter does accelerate.

O Mother Mary, vision give,
in new awareness I will live,
as one with Christ I take my stand,
all matter is at my command.

11. O Mother Mary, Sacred Flow,
in life's own river, all will grow,
the upward path is clear to all,
who dare to follow inner call.

O Mother Mary, a new age,
frees human beings from the cage,
we see that Spirit is in form,
society we will reform.

12. O Mother Mary, you are here,
filling up the atmosphere,
we now command the Ma-ter Light,
to manifest our sacred sight.

O Mother Mary, I now see,
my place in Cosmic Hierarchy,
to co-create a better earth,
the Golden Age is given birth.
